

SHOWA B0700R

Ideal for specialized industries where cleanliness is a priority, SHOWA B0700's flexible PVC coating provides chemical resistance and excellent gripping action.

BENEFITS

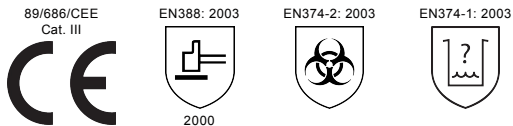

- Ultra-thin, light glove with a "second skin" feel
- PVC seals and protects the hand against chemicals while remaining flexible
- Impermeable for working in damp or greasy environments
- Raised finished enables a secure grip on slippery objects
- Extended protection on the forearm
- Easy to put on and remove, lint-free, dust-free
- Designed for easy movement and extended wear
- Non-powdered, "slip-on" treatment

FEATURES

- Unsupported PVC
- 300 mm / 12 in. long
- 12 mil / 0,30 mm thick
- Embossed finish
- Clean white color
