

Waterless Hand Cleaner is a highly effective biodegradable, dermatologically tested hand cleaner with skin soothing components.

Waterless Hand Cleaner easily removes stubborn dirt such as grease, tar, ink, adhesive and paint. The highly effective biodegradable gel-style heavy duty hand cleaner contains pumice scrubbers which quickly cleans and conditions. Applications Waterless Hand Cleaner is specifically developed to remove extremely stubborn industrial dirt such as lubricants, grease, paint, varnish, ink, bitumen and glue.

The product cleans your hands even where other hand cleaners fail. Ideal for printing offices and paint spraying companies.
