

Technical product information

calgonit Gluekill

Special cleaner for adhesive residues

Product benefits

- removes glue residues caused by latex based glues
- fast and effective
- economic in use
- safe on all materials
- environmentally friendly

General Description

calgonit Gluekill is a special product suitable for removal of tenacious residues caused by latex based glues on metal and most plastics. It is especially recommended for the cleaning of inner and outer surfaces of crate washers. The former required intensive mechanical cleaning with spatulas or high pressure is omitted. This results in a significant time-saving.

Application

Spray on calgonit Gluekill undiluted, leave it on for some minutes and then wipe it off with a rag. Glue residues are removed easily and completely. Rinse thoroughly with tap water after use.

Material Compatibility

Compatible with all metallic materials and polyethylene/polypropylene. For sensitive plastics and lacquered surfaces a preliminary test is recommended.

Technical Data

Appearance	clear, colourless liquid
Odour	characteristic
Density (g/cm ³)	0,91
pH-Value (1%)	ca. 6

Ingredients biodegradable organic solvents

For health and safety information, refer to the Safety Data Sheet (SDS) for this product.
