

Technical product information

tru-lit C-14 WC Gel

WC-Cleaner Gel

Product benefits

- based on phosphoric acid
- concentrated
- pleasant smell
- solves urine scale, excrement etc.

General Description

tru-lit C-14 WC Gel is a concentrated, phosphoric acid based product which removes persistent rust, lime and urine scale as well as dirt and excrements. It is used to clean toilet and urinal bowls, leaving a pleasant smell. Highly diluted, it is suitable for cleaning of acid-resistant surfaces. Due to its viscous consistency, tru-lit C-14 WC Gel adheres to the surface for a long time, thus allowing a long exposure time.

Application

Toilet and urinal bowls: undiluted.
Acid-resisting surfaces: 100 – 200 ml per 10 l water.

Material Compatibility

Do not use on calcareous natural stone floors (e.g. marble, travertine) as well as chrome. When in doubt try cleaner on a small inconspicuous area.

Technical Data

Appearance	red liquid
pH-value (conc.)	1
